

DEERWOOD IMPROVEMENT ASSOCIATION, INC.

ARCHITECTURAL REVIEW COMMITTEE (ARC) SUBMITTAL CRITERIA

As described in the Covenants, the purpose of this process is to insure the development of Deerwood as a residential area of highest quality and standards and to insure that all improvements on each building plot present an attractive and pleasing appearance from all sides and all points of view. To achieve that worthy objective we require that plans be submitted and approved by the DIA prior to work commencing on any building, structure or improvement or subsequent exterior change or alteration.

The Architectural Review Committee is committed to processing all applications in a timely manner; therefore we ask that you review the following **CRITERIA** as listed below and submit the requested documentation accordingly.

For your convenience ARC Applications can be downloaded from this web site or upon request, or can be faxed or mailed to you. For further information please contact Tobe' Budner or Martha at 285-2519.

Please note the requested documents as listed below must be attached with the initial application for ARC review: SEPARATE checks for review fee and deposit made payable to the Deerwood Improvement Association, Inc. Failure to provide this information will delay the ARC process for approval.

ALL SUBMITTALS

1. Application
2. Letter of request/intent (provide details/description of work)
3. Required Review fee as noted on the application
4. Required deposit as noted on the application

Listed below are the additional documentation requirements for pertinent submittals.

FENCES

1. Site plan using original survey, indicating requested location
2. Type of fence (wood, aluminum, shadowbox, height, etc.)
